PROFESSIONAL PROFILE

Visual designer and brand systems strategist with 10+ years building visual coherence for luxury, premium fashion, and high-performance retail brands across LATAM. Specialist in translating global HQ guidelines into **scalable execution systems**: pitch decks, employer branding materials, visual identity manuals, and in-store brand communication across print, digital, and 3D spatial formats.

Proven track record managing multi-country visual systems across **6 LATAM countries and 270+ points of sale**, coordinating production with local and international vendors, and leading distributed teams. Proficient in Adobe Creative Cloud, Figma, and generative AI as production tools to accelerate delivery cycles without compromising craft.

Quantified results in visual process optimization: **-74% campaign costs** via strategic local production, **-33% update time** for display systems, **+43% traffic** across 17-store network. Bilingual (native Spanish · advanced corporate English), with the ability to operate autonomously in high-demand, fast-paced environments.

PROFESSIONAL EXPERIENCE

L'ORÉAL LUXE MÉXICO

Feb 2025 – Mar 2026

Visual Brand Execution Coordinator – Luxury Division

- Led visual communication strategy and in-store storytelling for Valentino, Giorgio Armani, and Ralph Lauren (luxury fragrances), ensuring brand system consistency and sophistication across high-traffic luxury accounts — aligned with global HQ brand books.
- Coordinated production of visual communication materials (POP, displays, window installations, signage) with local and international vendors, supervising finish quality, typography, color palettes, and divisional technical specs.
- Executed nationwide rollout of key 2025 NPI campaigns (Born in Roma, Stronger With You), coordinating production and installation timelines with external agencies — on-schedule and within assigned budget.
- Collaborated cross-functionally with Marketing and Trade Marketing to align the commercial calendar with visual execution, acting as brand systems reference across key accounts.

BISONTE EXPERIENTIAL MARKETING

2022 – 2023

Brand Environment & Store Design Coordinator

- Led visual and environmental system implementation for the opening of Adidas Brand Center Madero (Mexico City Flagship Store), coordinating correct application of the global brand book in physical spaces — delivered on schedule with 17 minor punch list items, none blocking.
- Supervised visual concept coherence across all layers (zoning, signage, lighting, props, applied typography), validating execution against international corporate design team specs.
- Managed Store Design supply chain — ensuring availability, quality, and technical compliance of furniture, props, and signage across all flagship spaces.

LEVI STRAUSS & CO. (DOCKERS)

2018 – 2021

Senior Brand Environment Coordinator – LATAM

- Managed brand visual systems for **6 LATAM countries and 270+ points of sale**, ensuring brand system consistency across store formats (own stores, franchises, wholesale corners) and adapting global guidelines to local contexts.
- Led a team of 3 national coordinators (direct reports) and 3 dotted-line collaborators, acting as visual liaison between global HQ and Americas region markets.

- Designed a local production strategy that generated **74% cost savings** on visual materials and national campaigns, without compromising brand system integrity or global display standards.
- Developed digital Zoning & Mapping manuals and field team tools that reduced display system update time by **–33%** across own stores and franchises.
- Coordinated import and distribution of seasonal displays, furniture, and props from vendors in the U.S. and Asia, managing international logistics under assigned CAPEX/OPEX budget.

AÉROPOSTALE

2017 – 2018

Visual Merchandising Manager

- Built the VM and brand consistency department from scratch, managing 4 zone supervisors and 17 sub-managers (21 direct reports); developed the visual guidelines system, maintenance checklists, and pilot windows replicated nationwide.
- Directly contributed to **+43% traffic and +18% conversion** across 17 stores under supervision, through systematic implementation of brand system guidelines on the sales floor.
- Standardized planograms for key categories (Denim & Lifestyle), generating systematic feedback to management on visual performance, improvement opportunities, and floor best practices.

EL PALACIO DE HIERRO (ALDO GROUP)

2012 – 2017

Visual Merchandising & Marketing Coordinator

- Coordinated brand visual system execution for 17 retail stores and 12 wholesale corners, leading openings, renovations, and visual identity updates under global standards from the parent company's headquarters in Montreal, Canada.
- Conducted regular in-store visual audits evaluating brand system application (maintenance, lighting, props, typography, color); documented findings and best practices for regional teams and HQ feedback.
- Developed visual guidelines and brand standards training programs for floor staff; led a Jr. coordinator with direct report during the final 3 years of the role.
- Attended the Store Operations Leaders Orientation at ALDO Group headquarters in Montreal (2014), an intensive training program in VM, Sales, and Operations for key market leaders.
