PROFESSIONAL PROFILE

I'm a Visual Merchandiser with **14+ years** of hands-on experience who builds store spaces from the technical side up — **commercial space planning**, contractor coordination, and store-opening execution for flagship projects. I'm intentionally seeking a hands-on, execution-focused role like this one, closer to the technical and on-site work I enjoy most, after years leading larger-scale programs. I put together the Adidas Brand Center Madero from production and logistics through on-site handover, working with local contractors and installers to global Store Design standards.

I've worked store-level on the ground at L'Oréal Luxe, Levi's/Dockers, Aéropostale, and ALDO Group (Palacio de Hierro), applying consistent **commercial space planning** and **brand-identity translation** into physical retail environments across Mexico and six LATAM countries.

I approach store design from the technical and visual execution — **contractor coordination**, and **brand-DNA translation** into the physical space — from materials production through installation follow-up to the day the store opens.

PROFESSIONAL EXPERIENCE

L'ORÉAL LUXE MÉXICO

Visual Merchandising Coordinator – Luxury Division | 02/2025 - 03/2026

- Owned visual strategy and in-store display direction for Valentino, Giorgio Armani, and Ralph Lauren, translating global brand guidelines and **brand DNA** into physical execution across the national retail network.
- Coordinated local vendors for production and installation of POP materials and displays, overseeing finish quality, fixture maintenance, and brand-standard compliance — the same **contractor-coordination** discipline needed for **architectural package** delivery.
- Led the national rollout of key 2025 NPI campaigns (Born in Roma, Stronger With You), producing photographic and qualitative feedback for the corporate VM team on each strategic rotation.
- Worked with Marketing, Trade, and Operations teams to align the commercial calendar with visual execution, serving as the brand-standard reference across key accounts.
